## DETAILED ACTION

### *Response to Arguments*

1. The cancellation of claims 3 and 18 has been noted.
2. Applicant's arguments, see amendment, filed June 17, 2003, with respect to the rejection(s) of claim(s) 1-22 under The 35 U.S.C. 112, second paragraph and 35 U.S.C. 103(a) over RODRIGUES and MATSUBA et al. have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made herein. Applicants have amended claims 1, 8 and 16 and to overcome the 112 rejections from last office action. According to the Interview of May 21, 2003, the word "between" from these claims was to be removed in order to overcome these rejections. Instead Applicants removed the temperature and time ranges originally claimed for "a preselected temperature and for a preselected time".
3. Claims 1-2, 4-17 and 19-22 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for a method of fixing dyes that includes heating at approximately 350 degrees Fahrenheit for 1.5 to 2 minutes (Page 6, second paragraph of the Specification), does not reasonably provide enablement for other ways of fixing the dyes. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make the invention commensurate in scope with these claims. Applicants do not teach additional ways to performed the fixation.
4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1771

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
